What is Love INC?

...Love INC means “Love In the Name of Christ”. Love INC networks area churches to help show God’s love to people in practical and effective ways. We believe that the resources to meet needs can be found in the Body of Christ and that by working together we can make a real difference.

...Love INC is not a welfare program. It’s a proven system that changes lives, with love that transforms. When Church members reach out and mentor those with needs, lasting relationships are formed with positive results for all involved.

...Love INC serves as the missing link between individuals, agencies and churches. It helps reduce unnecessary duplication of services. The ministry enables caring Christians to come alongside those who are often dependent or have many needs, in order to teach them practical living skills to better help themselves. Love INC encourages the development of individuals and/or families to be self-sufficient.

**“Do you not know that those who run in a race all run, but one receives the prize? Run in such a way that you may obtain it.
